## PURPOSE

This policy is intended to meet the requirements of Accessibility Standards for Customer Service, Ontario Regulation 429/07 under the Accessibility for Ontarians with Disabilities Act, 2005, and applies to the provision of goods and services to the public or other third parties, not to the goods themselves.

All goods and services provided by the Centre shall follow the principles of dignity, independence, integration and equal opportunity.

## SCOPE

This policy applies to the provision of goods and services at premises owned and operated by the Centre.

This policy applies to employees, volunteers, agents and/or contractors who deal with the public or other third parties that act on behalf of the Centre, including when the provision of goods and services occurs off the premises of the Centre such as in: delivery services, call centers, vendors, drivers, catering and third party marketing agencies.

The section of this policy that addresses the use of guide dogs, service animals and service dogs only applies to the provision of goods and services that take place at premises owned and operated by the Centre.

This policy shall also apply to all persons who participate in the development of the Centre's policies, practices and procedures governing the provision of goods and services to members of the public or third parties.

## DEFINITION

Personal assistive devices are typically devices that clients/participants bring with them such as a wheelchair, walker or a personal oxygen tank that might assist in hearing, seeing, communicating, moving, breathing, remembering and/or reading.
2. Disability – the term disability as defined by the *Accessibility for Ontarians with Disabilities Act, 2005*, and the *Ontario Human Rights Code*, refers to:

  - a learning disability, or dysfunction in one or more of the processes involved in understanding or using symbols or spoken language;
  - a mental disorder; or
  - an injury or disability for which benefits were claimed or received under the insurance plan established under the Workplace Safety and Insurance Act, 1997.
3. Guide Dog – is a highly-trained working dog that has been trained at one of the facilities listed in Ontario Regulation 58 under the *Blind Persons' Rights Act*, to provide mobility, safety and increased independence for people who are blind.
4. Service Animal – as reflected in *Ontario Regulation 429/07*, an animal is a service animal for a person with a disability if:
- it is readily apparent that the animal is used by the person for reasons relating to his or her disability; or
  - if the person provides a letter from a physician or nurse confirming that the person requires the animal for reasons relating to the disability.
5. Service Dog – as reflected in *Health Protection and Promotion Act, Ontario Regulation 562* a dog other than a guide dog for the blind is a service dog if:

## **POLICY**

In accordance with the *Accessibility Standards for Customer Service, Ontario Regulation 429/07*, this policy addresses the following:

### 1. Provision of Goods and Services to Persons with Disabilities

The Centre will make every reasonable effort to ensure that its policies, practices and procedures are consistent with the principles of dignity, independence, integration and equal opportunity by:

- ensuring that all clients/participants receive the same value and quality;

- allowing clients/participants with disabilities to do things in their own ways, at their own pace when accessing goods and services as long as this does not present a safety risk;
- using alternative methods when possible to ensure that clients/participants with disabilities have access to the same services, in the same place and in a similar manner;
- taking into account individual needs when providing goods and services; and
- communicating in a manner that takes into account the client/participant’s disability.

## 2. Assistive Devices

### **Client/Participant’s own assistive device(s):**

Persons with disabilities may use their own assistive devices as required when accessing goods or services provided by the Centre.

In cases where the assistive device presents a safety concern or where accessibility might be an issue, other reasonable measures will be used to ensure the access of goods and services. For example, open flames and oxygen tanks cannot be near one another. Therefore, the accommodation of a client/participant with an oxygen tank may involve ensuring the customer is in a location that would be considered safe for both the customer and business. Or, where elevators are not present and where an individual requires assistive devices for the purposes of mobility, service will be provided in a location that meets the needs of the client/participant.

## 3. Guide Dogs, Service Animals and Service Dogs

A client/participant with a disability that is accompanied by guide dog, service animal or service dog will be allowed access to premises unless otherwise excluded by law. “No pet” policies do not apply to guide dogs, service animals and/or service dogs.

### a. Food Service Areas:

A client/participant with a disability that is accompanied by guide dog or service dog will be allowed access to food service areas that are open to the clients/participants in all the respective programs of the Centre unless otherwise excluded by law.

Other types of service animals are not permitted into food service areas due to the *Health Protection and Promotion Act, Ontario Regulation 562 Section 60*.

### b. Exclusion Guidelines:

If a guide dog, service animal or service dog is excluded by law (see applicable laws below) the Centre will offer alternative methods to enable the person with a disability to access goods and services, when possible (for example, securing the animal in a safe location and offering the guidance of an employee).

### c. Applicable Laws:

*The Health Protection and Promotion Act, Ontario Regulation 562 Section 60*, normally does not allow animals in places where food is manufactured, prepared, processed, handled, served, displayed, stored, sold or offered for sale. It does allow guide dogs and service dogs to go into places where food is served, sold or offered for sale. However, other types of service animals are not included in this exception.

*Dog Owners' Liability Act, Ontario*: If there is a conflict between a provision of this Act or of a regulation under this or any other Act relating to banned breeds (such as pit bulls) and a provision of a by-law passed by a municipality relating to these breeds, the provision that is more restrictive in relation to controls or bans on these breeds prevails.

d. Recognizing a Guide Dog, Service Dog and/or Service Animal:

If it is not readily apparent that the animal is being used by the client/participant for reasons relating to his or her disability, the Centre may request verification from the client/participant. Verification may include:

- a letter from a physician or nurse confirming that the person requires the animal for reasons related to the disability;
- a valid identification card signed by the Attorney General of Canada; or,
- a certificate of training from a recognized guide dog or service animal training school.

e. Care and Control of the Animal:

The client/participant that is accompanied by a guide dog, service dog and/or service animal is responsible for maintaining care and control of the animal at all time.

f. Allergies:

If a health and safety concern presents itself for example in the form of a severe allergy to the animal, the Centre will make all reasonable efforts to meet the needs of all individuals.

4. Support Persons

If a client/participant with a disability is accompanied by a support person, the Centre will ensure that both persons are allowed to enter the premises together and that the client/participant is not prevented from having access to the support person.

There may be times where seating and availability prevent the client/participant and support person from sitting beside each other. In these situations the Centre will make every reasonable attempt to resolve the issue.

In situations where confidential information might be discussed, consent will be obtained from the client/participant, prior to any conversation where confidential information might be discussed.

Admission Fees:

If payment is required by a support person for admission to the premises the Centre will ensure that notice is given in advance by posting notice of admission fees for support persons where the Centre fees are posted.

## 5. Notice of Service Disruptions

Service disruptions may occur due to reasons that may or may not be within the control or knowledge of the Centre. In the event of any temporary disruptions to facilities or services that clients/participants with disabilities rely on to access or use the Centre's goods or services, reasonable efforts will be made to provide advance notice. In some circumstances such as in the situation of unplanned temporary disruptions, advance notice may not be possible.

### a. Notifications will include:

In the event that a notification needs to be posted the following information will be included unless it is not readily available or known:

- goods or services that are disrupted or unavailable
- reason for the disruption
- anticipated duration
- a description of alternative services or options

### b. Notifications Options:

When disruptions occur the Centre will provide notice by:

- posting notices in conspicuous places including at the point of disruption, at the main entrance and the nearest accessible entrance to the service disruption and/or on the Centre's website;
- contacting clients/participants with appointments;
- verbally notifying clients/participants when they are making a reservation or appointment; or
- by any other method that may be reasonable under the circumstances.

## 6. Customer Feedback

The Centre shall provide clients/participants with the opportunity to provide feedback on the service provided to clients/participants with disabilities. Information about the feedback process will be readily available to all clients/participants and notice of the process will be made available by the Centre's website, newsletter and bulletin board. Feedback forms along with alternate methods of providing feedback such as verbally (in person or by telephone) or written (hand written, delivered, website or email), will be available upon request.

## 7. Training

a. Training will be provided to:

- all employees, volunteers, agents and/or contractors who deal with the public or other third parties that act on behalf of the Centre ; for example: receptionists, intake social workers, volunteer drivers, and third party marketing agents; and,
