OUR PROGRAMS

Morning, Afternoon and Saturday Drop-In [0–6 years]

Our morning and afternoon drop in program is for children ages 0–6 and provides opportunities for novel experiences, active engagement and learning from peers and adults. Children are offered a variety of social activities and are encouraged to explore the space at their own pace. Parents and care providers are encouraged to follow their children’s lead while playing with them and use age appropriate language to describe their play so to enhance the child’s memory, reasoning and speech development. Participants can develop connections with fellow participants and have access to community resources.

Circle time is at 11:30 AM daily.

Infant and Toddler Time [0–18 mths]

Programs designed with our youngest participants in mind. We aim to provide a safe and secure environment that promotes social interaction and safe exploration. We offer experiences that appeal to infant’s senses and contribute to their overall growth and development. Art, sensory activities, music and movements help children build on their fine and gross motor skills while exploring and learning about their environment and relating to new people and having their caregivers close by to guide and comfort them in case of distress. By being available when babies need them, caregivers support the development of stress management capacity and build on babies’ emotional regulation skills. We also invite community resources to come and share their expertise with us; Public Health Nurses, Literacy Specialists, and many more.

Let’s Bake! with EarlyON Staff [2 – 6 years] every Wednesday from 1:00 pm–4:00pm. Come play, bake and learn with us.

ABIONA CENTRE FAMILY RESOURCES

Maternal Infant Mental Health at Abiona Centre-MIMH – collaborates with EarlyON staff to promote optimal child and youth mental health and well-being, by focusing on the global development of children. Staffs work collaboratively to provide an evaluation of the child’s developmental needs. After the child has turned one month of age we encourage caregivers to complete regular developmental screenings – Ages and Stages Questionnaire – so they can learn if their child’s development is on schedule and also what parents can do to ensure the learning process happens as expected. Through these screenings the caregivers learn about the physical, cognitive and social – emotional needs of each individual child at different stages of development and become aware of the necessary support they can provide to facilitate their children’s development. For more information or to schedule an ASQ Screening, contact an EarlyON staff member at: earlyongroup@abionacentre.ca
